George Paul McCabe
mccabe@stat.purdue.edu
(765)496-8378

Mathematical Sciences Building
150 N. University Street
West Lafayette, IN 47907-2067

Education

| | | |
|-------|---|------|
| B.S. | Providence College (Mathematics) | 1966 |
| Ph.D. | Columbia University (Mathematical Statistics) | 1970 |

Professional Experience

| | | |
|--|-------------------|--------------|
| Assistant Professor of Statistics | Purdue University | 1970-1975 |
| Associate Professor of Statistics | Purdue University | 1975-1983 |
| Professor of Statistics | Purdue University | 1983-present |
| Director of Statistical Consulting | Purdue University | 1970-2004 |
| Associate Dean for Academic Affairs, College of Science | Purdue University | 2004-present |

Visiting and Temporary Positions

| | | |
|---|--|----------------|
| Summer Student Program | Jackson Laboratory Bar Harbor, Maine | Summer 1964 |
| Summer Student Program | Worcester Foundation for Experimental Biology Worcester, Massachusetts | Summer 1965 |
| Programmer | Brookhaven National Laboratory Upton, New York | Summer 1966 |
| Programmer | Texas Gulf Sulphur Co. New York, New York | Summer 1967 |
| Statistician | TRW Redondo Beach | Summer 1968 |
| Visiting Associate Professor of Statistics | Princeton University | 1976-1977 |
| Visiting Researcher | Commonwealth Scientific and | Jan.-Feb. 1985 |

| | | |
|-------------------------------------|---|---------------|
| and Consultant | Industrial Research Organization (CSIRO), Melbourne, Australia | |
| Visiting Professor of Statistics | University of Berne Berne, Switzerland | Apr.-May 1985 |
| Guest Researcher | Statistical Engineering Division of the Computing and Applied Mathematics Laboratory, National Institute of Standards and Technology | Jan-June 1995 |
| Visitor | National University of Ireland-Galway | Aug-Dec 2002 |

Professional Activities

Mentor – Purdue AIM Summer Research Program for Undergraduate Minority Students – 1987, 1988

Statistical Design Consultant, *Augmentative and Alternative Communication* (journal dealing with speech impairments) — 1987–1993

Associate Editor, *Technometrics* — 1978–1986

Associate Editor, *Computational Statistics and Data Analysis* — 1982–2004

Chairman, Statistical Education Section Contributed Paper Awards — 1978

Program Chair - Statistical Education Section of ASA for 1982 Annual Meeting

School of Veterinary Medicine Research Advisory Board — 1990– 1994

Management Committee, *Journal of Educational and Behavioral Statistics* — 1996–1998, Chair, 1999–2000

External appraiser, Health and Welfare Canada, Health and Social Programs Branch — 1994–1995

External Review Committee for the University of Texas at Dallas Mathematical Sciences Program — January 1997

Section on Statistical Consulting, American Statistical Association — Chair-elect 1997, Chair 1998

Committee Member, Institute of Medicine's Committee on International Nutrition — September 1996 – June 1997

External Review Committee for Iowa State University Department of Statistics — October 1998

Data Monitoring Board for National Health Survey of Gulf War Veterans and their families, Phase III — 1998–2001

External Review Committee for the University of Michigan Center for Statistical Consultation and Research (CSCAR) — January 2001

Workshop on “Malnutrition and the Global Burden of Disease”, Johns Hopkins University — July 2000

International Vitamin A Consultative Group (IVACG) XX Meeting, Hanoi, Vietnam (participant and results of joint work were presented) — February 2001

International Nutritional Anemia Consultative Group (INACG) Symposium, Hanoi, Vietnam (participant and results of joint work were presented) — February 2001

Committee Member, Institute of Medicine, Committee on the Use of Dietary Reference Intakes in Nutrition Labeling — 2001–2003

Data Monitoring Board for Veterans Administration Study CSP # 468 “A Comparison of Best Medical Therapy and Deep Brain Stimulation of Subthalamic Nucleus and Globus Pallidus for the Treatment of Parkinson’s Disease” — 2002–2007

External Review Committee for Statistics at Arizona State University — 2003

Data Monitoring Board for Veterans Administration Study “A Randomized, Double-Blind, Placebo Controlled Trial of Intravenous Zoledronic Acid to Prevent Osteoporosis in Men Undergoing Androgen Deprivation Therapy in the VA Population” — 2004–2007

Deming Lectureship Committee of the American Statistical Association — 2007–2010

Professional Societies and Honors

American Statistical Association, Fellow, 1993

Institute of Mathematical Statistics

American Society for Quality, Senior Member 2006

Sigma Xi

New York Academy of Sciences

American Assoc. for the Advancement of Science

Biometric Society

International Association for Statistical Computing

Research Interests

Applied Statistics

Mathematical Statistics

Statistical Computing

Statistics and the Law

Birthdate: April 2, 1945

Birthplace: Brooklyn, New York

Citizenship: U.S.A.

Books

Moore, David S. and McCabe, George P., *Introduction to the Practice of Statistics*, W. H. Freeman (1989); second edition (1993); third edition (1999); fourth edition (2003), fifth edition (2006).

Moore, David S., McCabe, George P., and Craig, Bruce *Introduction to the Practice of Statistics*, W. H. Freeman, sixth edition (2008).

Moore, David S., McCabe, George P., Duckworth, William M. and Sclove, Stanley L., *The Practice of Business Statistics*, W. H. Freeman (2003).

Moore, David S., McCabe, George P., Duckworth, William M. and Alwan, Layth C., *The Practice of Business Statistics*, W. H. Freeman, second edition (2008).

Chinese translation of *The Practice of Business Statistics*, Haw-Tai Publishing Company (2003).

Prática Da Estatística Empresarial, (2006), Portuguese translation of *The Practice of Business Statistics*.

Introdução à Prática Da Estatística, (2002), Portuguese translation of *Introduction to the Practice of Statistics*.

Statistiek in de Praktijk, Academic Service (1994), Dutch translation of *Introduction to the Practice of Statistics*; translation of the third edition (2001).

Yates, Dan, Moore, David S. and McCabe, George P., *The Practice of Statistics*, Freeman (1999).

Statistical Consulting Service Reports 1971 - 2003

Recent Research Funding

P50 AT00477 Weaver (PI) NIH Botanicals Center for Age-Related Diseases The major goal of this project is to support research activities in four cores: Administrative and biostatistical, botanicals and education analytical, and in vivo assessment. Four specific research projects are planned in the areas of isoflavones and osteoporosis, grape polyphenols and neuroprotection, polyphenols and cancer, and polyphenol and inflammation. Role: Co-Investigator, 9/30/00 - 3/31/10, \$12,500,000.

Weaver (PI) 5R01AR040553-15 NIH Calcium Metabolism in Asian Adolescents The major goal of this project is to establish calcium requirements in Asian boys and girls and to examine differences in the relationship between calcium load and fractional calcium absorption between Caucasians and Asians. Role: Co-Investigator, 7/1/04 - 6/30/07, \$447,171.

5R01DK063185-02 Mattes (PI) NIH Food Rheology and Feeding in Lean and Obese Humans The major goal of this research is to characterize attributes of liquids and solids that may account for differential appetitive responses. Role: Co-Investigator, 8/15/04 - 7/31/08, \$987,368.

Santerre (PI) USDA. Consuming fish to reduce mercury intake while optimizing omega-3 fatty acid status. Consuming fish to reduce mercury intake while optimizing omega-3 fatty acid status. The major goal of this research is to demonstrate that women of child-bearing

age can improve or maintain their omega-3 fatty acid status while lowering their mercury body burden. Role: Co-investigator, 10/01/07-9/30/10, (year 2 only) 5%, \$599,972.

Short Courses

BMDP Seminar (with J.N. Arvesen) - 1976 - New York, N.Y.
Multivariate Analysis for Forestry Problems - 1980 - U.S. Forest Service, Carbondale, IL
Equal Employment Opportunity Litigation Seminar sponsored by Equal Employment Commission, Indiana University School of Law, Indiana Continuing Legal Education Forum & Indiana State Bar Assoc. - 1982 - Indianapolis, IN.

Expert Witness Testimony

Detroit Diesel Allison discrimination case, Indianapolis, IN, December 1978
Grant Fire Case, Indianapolis, IN, July 1980
Michigan State University discrimination case, Grand Rapids, MI, November 1980
Chevrolet Gear and Axle Case, Detroit, MI, February 1982.
Ferguson and Roe vs. City of Charleston et al., 1996
Pharmacia Corporation et al. vs. Alcon Laboratories, Inc., 2002

Talks and Addresses

July 2007 – The future of pro-bono statistics, discussion, Joint Statistical Meetings, Salt Lake City, Utah.

July 2007 – The ethical use of statistics in research, Joint Statistical Meetings, Salt Lake City, Utah.

October 2007 – Meta analysis, Food & Nutrition Conference & Expo, American Dietetic Association, Philadelphia, Pennsylvania.

May 2005 – Montgomery Lecture Series Scholar, The Culver Academies, Culver, Indiana.

August 2004 – Statistical Consulting within the University, Joint Statistical Meetings, Toronto, Canada.

April 2004 – Panel Discussion of the IOM report on the Use of Dietary Reference Intakes in Nutrition Labeling, Washington DC.

February 2004 – Analysis of ^{41}Ca data, Conference on ^{41}Ca -Calcium in bone research, Zurich, Switzerland.

December 2002 – Uses and abuses of statistics in litigation in the US, National University of Ireland, Limerick.

November 2002 – Uses and abuses of statistics in litigation in the US, Trinity College, Dublin.

October 2002 – Uses and abuses of statistics in litigation in the US, National University of Ireland, Galway.

October 2002 – Workshop on Meta Analysis: Statistical Methods for Combining Data from Different Studies, National University of Ireland, Galway.

March 2001 – Some statistical problems related to vitamin A deficiency and anemia in developing countries, Celebration of the Creation of the Department of Statistics, Western Michigan University, Kalamazoo, MI.

November 2000 – Vitamin A and morbidity of young children, 17th Annual Ohio Statistics Conference, The University of Akron, Akron, OH.

March 1999 – The home court advantage in Big 10 basketball, Arizona State University Statistics Week, Tempe, AZ.

November 1998 – Examples of consulting success, 13th Annual Mathematical Sciences Department Chairs Colloquium, Washington, DC.

June 1998 – Models for relating calcium intake and retention with varying numbers of observations per subject, Nutrition and Statistics Workshop, Purdue University, West Lafayette, IN.

March 1997 – Discussant for session on statistical consulting in the University, Joint Biometric Society (ENAR), IMS and ASA Meetings, Memphis, TN.

October 1996 - Statistical consulting: soft and hard skills, 1996 Lilly Global Statistics Conference, Indianapolis, IN

August 1996 - Logistic regression: an introduction. Consultants Forum, Joint Statistical Meetings, Chicago, IL.

January 1996 - Assessing the use of technology in mathematics education: statistical issues, Joint Winter Meetings of the American Mathematical Society and the Mathematical Association of America, Orlando, FL.

October 1995 - Vitamin A and young child mortality, Chicago Chapter of the American Statistical Association, Chicago, IL.

March 1995 - A statistical analysis of the relationship between Vitamin A and young children mortality, University of Colorado at Denver, Denver, CO.

June 1995 -- Residuals can appear to be more normal than normals, Multiple Decision Theory and related topics; A conference in honor of Shanti S. Gupta, Purdue University.

May 1995 - The home court advantage in Big 10 basketball, Colorado-Wyoming Chapter of the American Statistical Association, Boulder, CO.

May 1995 - Vitamin A and young child mortality, Colorado State University, Fort Collins, CO.

August 1995 - Power as a function of reliability (with Marcey L. Abate), Joint Statistical Meetings, Orlando, FL.

December 1993 - Vitamin A and young child mortality, Biostatistics Department, Indiana University School of Medicine, Indianapolis, IN.

August 1993 - The home court advantage in Big 10 basketball, Joint Statistical Meetings, San Francisco, CA.

May 1993 - Empirical Bayes and meta analysis: a case study, First Multinational Conference on Bayesian Econometrics and Statistics, Basel to Amsterdam.

January 1993 - A statistical analysis of the relationship between vitamin A and young child mortality, Purdue University, W. Lafayette, IN.

June 1992 - Selection of factors and levels in the design of experiments, First Great Lakes Symposium on Experimental Design: Industrial and Clinical, Kalamazoo, MI.

December 1991 - The home court advantage in Big Ten basketball, Calvin College, Grand Rapids, MI.

February 1991 - Design of experiments: principles and a case study, Lafayette Section of the American Society for Quality Control.

April 1990 - Are blocks different from random factors?, Michigan State University, East Lansing, MI.

April 1990 - Design and analysis of complex experimental designs: a case study, MidMichigan Chapter of the American Statistical Association.

October 1989 - Interpretation of the analysis of complex experimental designs: a case study. American Mathematics Society Special Session on Probability and Statistics, Ball State University, Muncie, IN.

March 1989 - Statistical Consulting at Purdue, Indiana University, Bloomington, IN.

January 1989 - Assessing salary equity with regression analysis, 1989 American Statistical Association Winter Conference, San Diego, CA.

December 1988 - Selection of variables for multivariate quality control, Indianapolis Section of the American Society for Quality Control, Indianapolis, IN.

March 1988 - Analysis of the Egypt CRSP data, Nutrition Institute, Cairo, Egypt.

November 1986 - The art of designing experiments, Conference in Honor of the Retirement of Professor Virgil L. Anderson, Purdue University, W. Lafayette, IN.

August 1986 - Uses of principal variables, American Statistical Association Annual Meetings, Chicago, IL.

April 1986 - Probability and Statistics, Reliability-Based Wood Design Symposium, Purdue University, W. Lafayette, IN.

May 1985 - Analysis of a large messy data set: a case study, University of Tromso, Tromso, Norway.

May 1985 - Principal variables, University of Umea, Umea, Sweden.

May 1985 - Variable selection methods in statistics, University of Umea, Umea, Sweden.

May 1985 - Principal variables, CIBA/GEIGY, Basel, Switzerland.

April 1985 - Analysis of a large messy data set: a case study, University of Berne, Berne, Switzerland.

April 1985 - Principal variables, University of Berne, Berne, Switzerland.

April 1985 - Principal variables, National University of Singapore, Singapore.

March 1985 - Statistical procedures for Production Compliance Audits, Statistical society of Australia, Western Australia Branch, Nedlands, WA, Australia.

March 1985 - Variable selection methods in statistics, University of Western Australia, Nedlands, WA, Australia.

March 1985 - Principal Variables, University of Melbourne, Melbourne, VIC, Australia.

March 1985 - Principal variables, University of Wollongong, Wollongong, NSW, Australia.

March 1985 - Principal variables, University of Queensland, St. Lucia, QLD, Australia.

February 1985 - Analysis of a large messy data set: a case study, CSIRO and Monash University, Clayton, VIC, Australia.

August 1983 - Principal variables, University College, Cork, Ireland.

October 1982 - Analysis of a medical data set, Cincinnati ASA Chapter, Cincinnati, OH.

August 1982 - Principal variables: alternatives to principal components, Joint Statistical Meetings, Cincinnati, OH.

February 1982 - Principal variables: alternatives to principal components, ASA Chapter Meeting, Kalamazoo, MI.

February 1982 - Analysis of a medical experiment, University of Western Michigan, Kalamazoo, MI.

November 1981 - Principal variables: alternatives to principal components, Ohio State University, Columbus, Ohio.

November 1981 - Statistical analysis of a medical experiment, Cornell University.

November 1981 - Principal variables: alternatives to principal components, Cornell University, Ithaca, NY.

October 1981 - Statistical analysis of a complex data set, UWA.

October 1981 - Statistical consulting, Western Australian Institute of Technology, Perth, Western Australia.

October 1981 - Alternatives to principal components: single population variable selection, UWA.

October 1981 - Statistics in the courtroom: uses of statistics in legal settings, University of Western Australia, Perth, Western Australia.

November 1981 - Principal variables: alternatives to principal components, Cornell University, Ithaca, NY.

November 1980 - The role of statistical consulting in graduate training, Conference on Teaching of Statistics and Statistical Consulting - Ohio State University.

October 1980 - The 27% rule, Michigan State University, East Lansing, MI.

October 1979 - The 27% rule and experimental design, Purdue University, West Lafayette, Indiana.

August 1979 - The interpretation of regression analysis results in sex and race discrimination problems, Joint Statistical Meetings, Washington, D.C.

August 1978 - Variable selection in discriminant analysis with unequal covariance matrices. COMPSTAT - the Third Symposium on Computational Statistics, Leiden, The Netherlands.

August 1978 - Use of the 27% rule in experimental design. Joint Statistical Meetings, San Diego, California.

April 1978 - "Statistical Testimony in Title VII Class Action Suits", General Motors Conference on Statistical Defense of Title VII Class Action Suits, Detroit, Michigan.

March 1978 - "Use of the twenty-seven percent rule in experiment design", McGill University, Montreal, Quebec.

February 1978 - "Uses of statistics in discrimination problems," Manchester College, North Manchester, Indiana.

February 1978 - "The twenty-seven percent rule," University of Wisconsin, Madison, Wisconsin.

August 1977 - "Evaluation of regression coefficient estimates using alpha-acceptability," Joint Statistical Meetings, Chicago, Illinois.

May 1977 - "A framework for evaluating alternatives to least squares regression coefficient estimates," Pennsylvania State University, State College, Pennsylvania.

April 1977 - "Acceptance levels for regression estimates," University of Delaware, Newark, Delaware.

November 1976 - "Evaluation of Regression Coefficient Estimates," Columbia University, New York, New York.

October 1976 - "Confidence procedures in regression analysis," Princeton University, Princeton, New Jersey.

September 1976 - "A confidence set approach to variable selection problems in regression analysis," Rutgers University, New Brunswick, New Jersey.

August 1976 - "Sex discrimination in faculty salaries: a method for detection and correction," American Statistical Association Meetings, Boston, Massachusetts.

July 1975 - "Selecting variables for regression analysis," Bell Telephone Laboratories, Holmdel, New Jersey.

April 1975 - "Some problems in the selection of variables in regression analysis," University of Wisconsin.

March 1975 - "Discrete bivariate data with censoring of one variate: tests for randomness with application to dendritic trees," invited address, Central Regional Meeting, Institute of Mathematical Statistics, St. Paul, Minnesota.

February 1975 - "Selection of regression variables: methods using cost criteria," invited address, Eighth Symposium on Computer Science and Statistics, Los Angeles, California.

February 1975 - "Some problems in selecting variables for regression analysis," Purdue University.

December 1973 - "Subset selection of regression variables using cost criteria," Joint Statistical Meetings, New York, New York.

August 1972 - "Estimation of the number of terms in a sum," Joint Statistical Meetings, Montreal, Canada.

October 1971 - "Estimation of the number of terms in a sum," Purdue University.

August 1971 - "Estimating the number of terms in a sum," Clemson University Symposium on Cluster Analysis and Pattern Recognition, Clemson, South Carolina.

March 1971 - "Reliability of computer programs used in regression analysis," invited address, Central Indiana Chapter, American Statistical Association, Indiana University Medical Center, Indianapolis, Indiana.

August 1970 - "Estimation of a Poisson integer mean," Meeting of the Institute of Mathematical Statistics, Laramie, Wyoming.

May 1970 - "Some problems in sequential discrimination," Columbia University, New York, New York.

February 1970 - "Estimation of integer means for exponential families," Purdue University, West Lafayette, Indiana.
